

Help Your Neighborhood While Helping Law Enforcement & Department of Corrections

Become a Spokane C.O.P.S. Volunteer And Make a Difference in Your Community!

- You receive professional training by crime prevention agencies, police officers and officers with the Department of Corrections
- Additional basic computer skills training is also offered to our volunteers
- Play an active role in solving crime issues in your neighborhood using the C.O.P.S. substation facilities.

Spokane C.O.P.S. is an internationally recognized non-profit organization. You will get inside information on the way many law-enforcement agencies operate. **Please join us today!**

There are many levels of involvement with C.O.P.S. Depending on your area of interest there are trainings from 1½ to 15 hours required for some programs. You may become a member without taking any training, but to perform any activities, you must have the required training for that activity.

All volunteers must fill out an application that allows for a criminal background check to be performed. If you do not pass this background check, there still may be areas that you can support and participate in Spokane C.O.P.S.! **Just check us out!**

For more information, visit your [local C.O.P.S. Substation](#), go to <http://www.spokanepolice.org/COPS.html> or call 835-4592.
