

Kid Sports and SoccerTots are proud to part of the McGruff family. Kid Sports is an indoor facility catering to families with young kids. McGruff is a perfect fit for us. We saw this as a great opportunity to reach out to the community and offer something back. Although we would prefer that we never have a child in our neighborhood in need of a McGruff house, we are prepared.

Becoming a McGruff House was easy and quick. We contacted them and within a couple of days our back ground checks had been completed and our site inspection was done. We received our McGruff House identifying tags and now we are the McGruff Safe House in our area. I would encourage any suitable business to make the call and become a McGruff Safe House.

If your child was in need wouldn't you want them to have a safe place to go?
