CRIME CHECK.....456-2233

REPORTING

Spokane's Community Oriented Policing Services (C.O.P.S.) actively assists citizens of Spokane in their efforts to build community and improve the quality of life in their neighborhoods.

GRAFFITI HURTS EVERYONE

Graffiti has a negative effect on a resident's feeling of safety in their neighborhood. Graffiti creates a perception that crime is on the rise and gangs are moving into the area.

When graffiti is left indefinitely, it sends a signal that people do not care, which in turn attracts other forms of crime and mischief to the neighborhood.

Graffiti drains tax dollars and funds that could be used for schools, roads, parks and other community needs. Instead that money is used to clean graffiti.

YOU CAN PREVENT GRAFFITI

Paint over graffiti immediately. A tagged wall is ten times more likely to be tagged than a clean wall. A patched over wall is three times more likely to be vandalized than a completely painted wall.

Plant Barberry, Pyracantha, or any other thorny ornamental plants that can present a barrier in front of frequently tagged walls.

Install motion activated lights in dark areas that may be prone to vandalism.

Know your neighbors and be aware of activity in your neighborhood.

Talk to your children about the consequences of vandalism and property damage. Remember that parents of children involved with graffiti can be held financially liable.
