

## REGISTERED SEX OFFENDER FLYER DISTRIBUTION

Spokane C.O.P.S. will make a good faith effort to notify the public and residents when a Registered Sex Offender (RSO) is released from prison, when an offender moves from another jurisdiction or when an offender moves to a new address within the city.

Spokane C.O.P.S. goal is to notify residents of any RSO's who live in the community to enhance the community member's individual and collective safety.

Spokane C.O.P.S. volunteers will distribute RSO Flyers to businesses and residences within a 3-block radius around the RSO's block.

Level 2 Sex Offenders will receive this one-time notification. Level 3 Sex Offenders may have additional fliering or posting if requested by a Spokane Police Department Detective.

How do we protect ourselves?

## How do you keep your family safe from a Registered Sex Offender living in your neighborhood?

**Know who they are!**

**Know where they live!**

### Sex Offenders

- ◆ Usually adult male (but can be anyone).
- ◆ They live everywhere.
- ◆ They are employed in any type of job.

### If you suspect someone is a sex offender...

Go to the "Offender Watch" at [www.spokane.org](http://www.spokane.org)

Check the Registered Sex Offender book at your neighborhood C.O.P.S. Substation.

## PROTECT YOUR CHILDREN

- ◆ Talk to your children about not talking to or going anywhere with strangers.
- ◆ Be aware of persons who befriend your family, offer to babysit for free or buy your children gifts.
- ◆ Don't let your children play in public parks without adult supervision, especially if you know an offender lives in the area.
- ◆ Tell your neighbors to keep an eye on your block for suspicious persons hanging around watching children.

## RISK ASSESSMENTS

Risk assessments are performed by End of Sentence Review Committee (ESRC). This is when they are given their "level" rating. The law enforcement agency receiving the offender does justification of any change in the assessment of risk level done by the ESRC. They may increase or lower the level assigned by ESRC. Rarely is the level ever lowered. If changed, it is usually raised.

- Level 1** = Low risk to the community
- Level 2** = Moderate risk to the community
- Level 3** = High risk to the community (Predatory)

## CONDITIONS OF RELEASE

Offenders released from prison usually have "conditions" for their release. They may not be allowed in or around parks, schoolyards, daycare facilities or anywhere children frequent. If under the supervision of the Department of Corrections (DOC), the Community Corrections Officers evaluate their living environment.

**Sex crimes are crimes of power and control. Lack of stability results in loss of control.**

If the offender has completed their sentence and supervision period, there are no restrictions placed on their residence location. Police have no authority to determine where they live. Sex offenders, like anyone, need stability in their lives, in their work, social life and housing. However, they are required to register with local law enforcement for various periods of time. This time is determined by the class of felony (A, B or C) of which they were convicted. A class A felony requires registration for life. Class B requires 15 years and class C up to 10 years. A DOC review board and the Community Corrections Officer issue conditions that fit the offender's case history.
